

Automatic Humidifiers

Frequently Asked Questions

How do I know which Aprilaire Humidifier model is the right one for my home?

Aprilaire Humidifiers are available for a variety of needs, your included. Give us a call We'll be glad to stop by, recommend and install the most effective and efficient unit for your home's size, age and construction.

What will it cost me to install an Aprilaire Humidifier?

The cost of every installation varies based on specific applications.

Is it possible for me to purchase an Aprilaire Humidifier at a retail outlet?

Aprilaire Humidifiers are sold exclusively through heating and cooling contractors like ourselves. We are professionally trained and ready to help you choose the right model humidifier. We'll see that it's installed correctly, answer any questions you may have, and make sure your entire system is properly maintained now and in the future.

Are there replacement parts available for my Aprilaire Humidifier and, if so, where can I find them?

As your local indoor air quality experts, we'll be happy to provide all the parts and service you need. Servicing your humidifier will typically be limited to a simple yearly replacement of a water panel, which we can easily do for you during the annual maintenance of your heating/cooling system.

How will I know when it's time for my Aprilaire Humidifier to be serviced?

First, you can check the automatic control unit that comes with your humidifier. You'll find a green light that indicates when it's time to have us change your water panel. Easier yet, have us install the Aprilaire 8570 Thermostat for your heating/cooling system. The easy-to-read screen will not only tell you when to call us for a water panel change; it will give you our phone number.
