

## **ProGuard Tank Protection** Frequently Asked Questions

### **What is the ProGuard Environmental and Tank Protection Program?**

It is an environmental cleanup program we offer that will provide \$100,000 for cleanup costs and \$1,400 for a new storage tank if your existing tank accidentally leaks.

### **Who is eligible for the program?**

Residential customers with an active oil tank that holds no more than 4,000 gallons, and who receives oil on automatic delivery are eligible. Abandoned tanks are not eligible.

### **How are cleanups handled?**

If your tank has had a covered release, you just call us. We will swiftly mobilize an expert team of licensed professionals to manage the cleanup process. The program is designed to reduce your worry and headaches, so your problems can be resolved with the least disruption to your home and family.

### **How can you offer such a comprehensive program at affordable rates?**

ProGuard has been perfected over several years, drawing on the experiences of more than 100,000 oil customers who have been in such programs. Because it is offered on a national basis to a large pool of participating heating oil customers, we can provide you with this protection at very reasonable rates.
